☀️ What is Angel Reiki?

Angel Reiki is a powerful, love-soaked system that blends the sacred flow of Usui Reiki with the radiant presence of the Angels.

The four traditional Reiki symbols are woven into this practice, each lovingly connected with one of the Four Great Archangels. Together, they form a rainbow bridge of healing, guidance, and light. 🌸🕐

02 • About Angels

Angels are pure beings of light — messengers of the Divine Source. Their essence is protection, love, healing, and joy.

✨ They transcend every religion, philosophy, and creed.

✨ They honour our free will and never interfere unless invited.

✨ When we call upon them with open hearts, they arrive instantly, wrapping us in love and high-vibration healing energy.

They ask for nothing in return — only our happiness and gratitude.

03

Types of Angels

- Guardian Angels – always with us, guiding, protecting, and whispering light into our everyday lives.
- Archangels – cosmic guardians who step in with strength, wisdom, and transformational power whenever we ask.

Angels are non-denominational. They don't care about religion, race, or culture — they simply bring love, healing, and light.

The Angel Reiki Attunement

- During the attunement, the Angels are lovingly called to merge their energy with the Reiki symbols.
- 🌟 You may use traditional hand positions, or simply allow the Angels to guide your hands.
- 🌟 Angels can also be called upon for protection, manifestation, clearing, and guidance.
- 🌟 Other Angels you feel drawn to can also join you in your healing work.
- ✨ Pre-requisite: You must already be attuned as a Usui Reiki Master — this course assumes you are familiar with the Reiki system and symbols.

05

· Working with Angels

There are two reasons an Angel may join you on your path:

- 1.They've made themselves known to help you with a lesson or blessing.
- 2.You consciously call on them to cultivate their qualities within yourself.

Always ask through the Higher Power of your belief system — and always remember to give thanks. 🙏
